Beautiful from every angle . .

THE SEDAN, 4-Door, in two shades of blue, with cream upholstery, is larger and roomier, with more living space, wider doors, and upholstery and appointment.

\$795

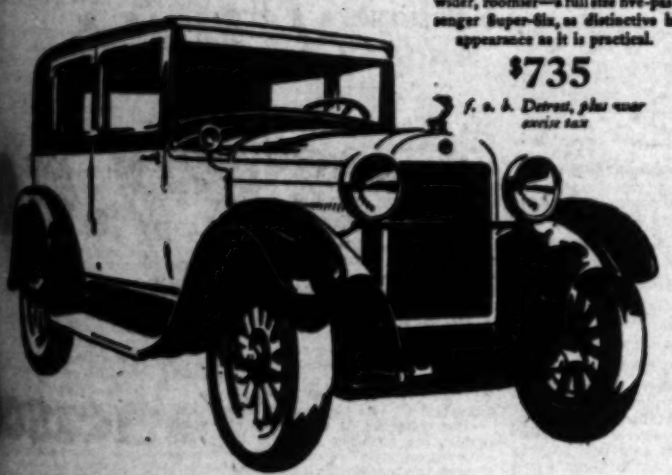

f. o. b. Detroit, plus tax and license

THE COUPE has wide seat, ample luggage space in the rear deck, and a comfortable leather rumble seat which is removable.

\$775

f. o. b. Detroit, plus tax and license

THE COACH is longer, wider, roomier—follows the new Super-Six, so distinctive in appearance as it is practical.

\$735

f. o. b. Detroit, plus tax and license

Details You Will Note

New size—larger, longer, wider, inside and out.
Higher radiator with vertical lacquered radiator shutters—on no other car under \$2,000, Hudson accepted.
Wider, heavier fenders, not found in this price class.
Colonial type headlamps and saddle type side lamps.
Bendix four-wheel brakes, the type used on the most expensive cars.
Blended body construction, reinforced, rigid and durable.
Five-inch tires, a full size larger than used on any other car of this weight and price.
Wider doors, for easy entry and exit.
Worm and tooth disc design steering mechanism, used only by costly cars.
Electro-lock type of theft protection used in high-priced cars.
Adjustable tire carriers (for fitting with or without trunk).
Fine grade patterned velour upholstery.
Wider, higher, form fitting seats.
New instrument board, finished in polished ebony grouping motometer, ammeter, speedometer, gasoline and oil gauges.
Barter on instrument board, quick, convenient, positive.
Steering wheel of black hard rubber with steel core, and finger scalloped, a detail of costly car appointment.
Light, horn and throttle controls on steering wheel.
Rubber-matted running board.

Now Ready

- a New ESSEX SUPER SIX

New Bodies—Larger and Roomier—
New Appearance from Radiator to Tail Light—
Finer Fittings—Four Wheel Brakes—
High Compression—Long Life Motor &
An Amazing Price

One look at the new Essex Super-Six will convince you that it will excel in popularity the Essex which has just completed the most successful year ever achieved by a six-cylinder car.

From radiator to tail light it is a smarter, more beautiful car than even the Essex which preceded it. And in performance it surpasses in smoothness, reliability, speed and ease of handling, the standard Essex owners are so proud to acclaim.

You get an impression of completeness and fine quality in the design of every detail. From the new pattern Colonial lights—the higher, narrower radiator with vertical shutters—the heavy sweeping fenders—the rubber-covered running boards—the new improved steering mechanism and the steering wheel similar in design and construction to that now used on the very latest and very highest priced cars—there is outstanding reason for pride.

The bodies are not only new and roomier but are so designed as to give a lasting, solid, rigid service. The roof is flatter—the car is bigger in fact and in appearance. Door fittings, hinges and locks are impressively substantial and lastingly beautiful.

The upholstery is not only durable but is also rich to eye and touch. The seats are form fitting—the backs high and comfortable, the leg room for driver and passengers is generous.

But rich and inspiring as is the appearance of this new Essex, still Essex surpasses itself in performance.

Its universally acknowledged supremacy in get-away

and its ability to travel at top speed all day long reaches a new limit.

The get-away is perceptibly faster. You will find at the end of a day's run that you have covered more miles than was possible before.

Essex steering, long famous for its ease, is now smoother than you will find in most cars, regardless of their cost.

The Bendix four-wheel brakes give complete and attention-free control of your car at all speeds over every road condition.

No car near its price uses such large tires—30x5 inches. They may be driven with less air pressure and, of course, add hundreds of miles to tire life.

You can't help feeling that in the new Essex, quality and finest detail are outstanding. It will impress you as being much more than a serviceable transportation vehicle, for in the beauty of its lines, the smartness of every detail, the character of its richly lacquered bodies, the softness of its seats, the feel of its upholstery, as well as its performance, there is everywhere cause for your admiration.

The world's largest sale of six-cylinder cars became an Essex achievement solely because of merit. The car we now invite you to see is so outstandingly superior to anything you can have imagined that you must expect it to command a higher price.

But with all these advantages, there is also an amazing price reduction. The Sedan at \$795 f. o. b. Detroit is \$40 below the Sedan price of last year.

Buyers can pay for cars out of income at lowest available charge for interest, handling and insurance

Open to Everybody—Men, Women, Boys and Girls. No Canvassing—No Selling. All you do is pick titles for pictures to appear day by day in the Los Angeles Times. With 730 cash prizes to be given away, you can surely be among the winners!

Here Are Three Sample Pictures. What Book Titles Do They Represent?

Look at the above picture carefully. What do you see in it? It was drawn to fit the book title "WE." Isn't that a good title for the picture?

What do you see in the picture above? Oxen—black ones, too. In the Official Picturegame Catalogue is the title "BLACK OXEN." Do you think that is a good title?

Now look at the titles given below. They were taken from the Official Picturegame Catalogue. See if you can pick one to fit the picture above:
Face to Face *Upper Way*
Old Soak, The *Three Men in a Boat*
Sailor Boy, The

Each of the above pictures was drawn to fit a book title. The Times will print 77 pictures in all—one each day, beginning tomorrow. All you need to do is pick a title of a book that will fit each picture. To make it even easier, The Times has prepared an Official Picturegame Catalogue, containing all the book titles that may be used. Players who give the best titles will win the big cash prizes.

Starts in The Sunday Times Tomorrow—Watch for it!

Everybody—men, women, boys and girls—is eligible to play the Picturegame and win a cash prize. Picture No. 1 will appear in the Sunday Times tomorrow, January 8—Picture No. 2 will appear Monday, and so on each day until 77 pictures have been printed. Cut these out and save them until you have the complete set, selecting the titles as you go along. It does not require a knowledge of books to play this game. A selected list of book titles has been compiled to make the game still easier for you. This Official Catalogue contains ALL eligible titles. With this Catalogue you can PLAY YOUR WAY TO FORTUNE!

**Full Details—and Picture No. 1—in Sunday Times Tomorrow
—Don't Miss It!**

Commander Byrd Makes Preparations for Expedition to South Pole

Assembling of Equipment for Commander Byrd's Dash to the South Pole is already under way in several different parts of the country. At Wananacnet, N. H., Arthur Walden, who will have charge of the sled dogs, has 100 carefully selected dogs under training for the gigantic task ahead of them. Commander Byrd and Walden shown above. (A. P. photo.)

An Important Factor in Forthcoming Adventure of the Intrepid American will be the sleds and accessory equipment. With the expert help of Walden, an experienced musher, much of this equipment has been selected and tested. In this photo Walden is pointing out the merits of a type of sled under consideration to Commander Byrd and three other members of the expedition. (A. P. photo.)

A Trial Sled Run at Wanalancet, N. H.—One of seven-dog teams which will see service in Antarctic is shown here on the trail with W at the geepole. The dogs will be kept in training routine until departure from Los Angeles this year. (A. P. photo.)

With Plenty of Room to Spare, What Not and Who's What, two San Francisco jumpers entered in the seventh annual Los Angeles National Horse Show at the Ambassador auditorium, February 4 to 11, are taking a barrier in the above photo. Ruth and Larry Lansburgh are up.

White Violets and red beaded bag are only touches of color employed in above ensemble displayed by **Margaret Livingston.** Gray duvetyne with gray fox collar and cuffs.

Unless Executive Clemency is Extended, Doris McDonald, who appeared in motion-pictures under the name of Doris Malone, will die on the gallows at Montreal, Can., March 23. Her husband, convicted of murder with her, will die at same time. (P. & A. photo.)

It Goes to the Four Quarters of the Globe—The Times Midwinter Number. Here are John Steel and the Misses Peggy and Nellie Chalamont and Alma Neilson, all on the current bill at the Orpheum, mailing copies from street stand to a score of different points in nation.

"Lizard Expedition" of California Academy of Sciences yesterday returned to Los Angeles aboard C. Allan Hancock's steamer Oaxaca, bringing live specimens of unusual fauna, including pair of penguins above, from Galapagos Islands. (Times photo.)

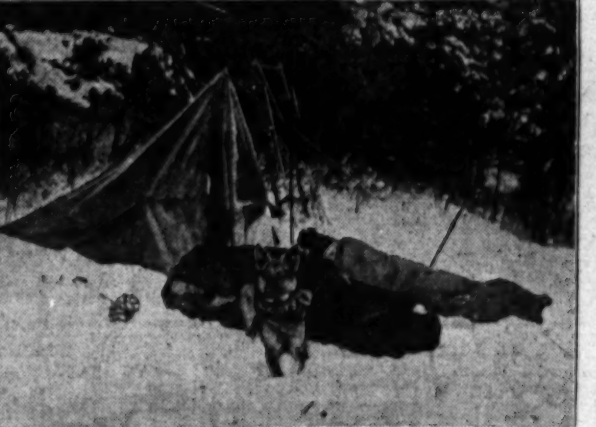

Routine of Society is Too Dull and Monotonous for Natalie Hammond, daughter of Mr. and Mrs. John Hays Hammond. Natalie is a painter of some note and recently designed settings for the play "India" in which Nazimova appeared on Broadway. She's at work above. (P. & A. photo.)

That They Are Capable of Managing, Editing and Publishing a Newspaper with the aid of male collaborators was demonstrated by co-ed members of the staff of the Daily Bruin of University of California in Los Angeles yesterday. And they got out a good sheet, too. Photo shows co-ed writers at their typewriters in the editorial room.

Chicago Digs Its Way Out After Most Severe Blizzard of Winter—Thousands of unemployed men were put to work late last week in the loop district in an effort to clear the streets of drifts and permit the resumption of traffic on a normal basis. The New Year was ushered in by zero weather and plenty of snow. (P. & A. photo.)

A Pair of Real Nomads of the North, R. S. Johannsen and his son, Robert, Jr., 12, annually make the rounds of eastern ski meets and live in a regulation northern camp while competing. Here they are rolled up in their sleeping bags in camp at Lake Placid, N. Y. (Herbert photo.)

haking Hands with this line of well wishers, shown outside the White House New Year's morning, and the long list of officials who greeted him, caused a swelling in the President's right wrist and no little concern among White House attaches. The President is recovering. (P. & A. photo.)

Hollywood Rallies to Defeat Manual Arts, 24 to 13; Poly Cagers Swamp Jefferson, 30 to 10

FOOTHILLERS UNCOVER NEW STAR IN FORBES

Tiny Forward Plays Fine Game When Redshirts Win; L.A. High Noses Out Franklin, 16-15

By EDWARD LAWRENCE

Playing inspired basketball Hollywood rallied after a disastrous first half to smother Manual Arts by a 24-to-13 score before 2000 casual fans who gathered in the Teller gymnasium yesterday afternoon to open the City League basketball season.

William Junius Paige, who has coached the Foothillers to three championships and a tie in the past four years, usually is an ace up his sleeve. Last year he coached the Junior Muffins and this year he coached the Foothillers to a championship and a tie in the past four years, usually is an ace up his sleeve. Last year he coached the Junior Muffins and this year he coached the Foothillers to a championship and a tie in the past four years, usually is an ace up his sleeve.

Coch Motts Blair never fails to turn out a battling team and at half time the Foothillers were leading by a 20-to-10 score. Hollywood's chances at the stage of the game appeared to be slim, but in the third quarter the Foothillers rallied and won by a 24-to-13 score.

The turning point of the game came shortly after when Paige, leading Manual Arts guard, was removed from the game for fouling. Frank Green, Hollywood center, took two shots at the basket while the Teller were catching their breath and Sultenputz put the Foothillers ahead for the first time when he hooped a beautiful basket. Turnout shot a foul as the third period closed with Hollywood holding onto a slim, 14-to-13 lead.

Once under way, the Hollywood machine functioned perfectly. Sultenputz dropped three more through the hoop and Green and Forbes each tossed one apiece while the Teller were held helplessly. The Artisans failed to ring up a point in the final quarter. Both Mottel and Leonard played excellent games at guard for the Foothillers and promise to develop into strongmen in the future.

In the preliminary game, the strong Manual Arts' lightweight team defeated Hollywood by a 26-to-12 score. Harry Cohen put up a fine game for the winners, while Gordon Campbell was the shining light for Hollywood.

CHEERFUL CHAFF

BY THE HUMOROUS READER

Joshua Little

BY LEE SHIPPEY

WOMAN'S advance beats man's

hollow. Man progresses "from

childhood to adulthood in three

generations." In the last three, woman

has progressed from trivial

cooking to serious cooking.

She used to preserve fruits, vegeta-

bles and home atmosphere. Now she

preserves her hands. She used to

apologize if hubby failed to find a

good dinner when he got home. Now

she apologizes to the other girls—if

he fails to take her out to dinner.

And if he fails he really needs a

squash meal he usually does.

Truly woman has moved from a

place over the coals to a place in the

sun. Her intellectual advance has

been startling. She used to be so

weak-minded that man could put

nearly anything over on her, but now

she can put nearly anything over on

man. She's convinced him it's only

fair for him to work hard all day to

give her all he can, and then do the

dishes when he gets home at night.

People who complain there are no

well-gained servants nowadays over-

look a lot of husbands. And inferior

BANK REVIEW OF
PAST YEAR OUT

First National Reports 1927

Moderately Good

Volume of Business Slightly
Higher Than 1926Slackening Pace in Closing
Half Nation-wide

Last year was a reasonably prosperous one for the Pacific-Southwest despite a slackening tendency during the last half year, the research department of the Los Angeles First National Trust & Savings Bank reports in its monthly review of business. The volume of business showed a moderate gain over 1926, although the rate of increase was less than for recent comparative periods, the bank adds.

Considerable progress was recorded in the permanent growth of industry, according to the report, and industrial operations generally were fairly active. Agriculture enjoyed a good season, and a normal gain was reflected in the trend of population. The law satisfactory showing in trade activity in the last half of the year is explained as part of the general trend for the nation as a whole.

INCREASES LESS
In tabulating the chief indices of business, the bank reports that the majority of them registered increases from 1 to 10 per cent over 1926, compared with a range of 5 to 15 per cent a year ago. Check transactions in Los Angeles were 8 per cent larger, and department-store sales for the first eleven months amounted to 10 per cent. Installment sales were larger, although collections were good. The bank's survey for the year shows in part:

Industrial activity was satisfactory. Consumption of electric power by industry is reported to have increased by over 15 per cent. Petroleum output gained 1 per cent, with reduced refinery activity. There was more unemployment, but wages remained at good levels.

Building construction continued remarkably steady, although revealing a declining tendency. Real estate activity was slower. Business failures were the highest ever recorded in this territory, contracting and real estate being the most numerous.

CITRUS STANDS OUT
The outstanding crop was citrus fruits, where total shipments and money returns again set a new high record. The walnut crop was exceptionally large, and prices fair. Fresh deciduous fruits met with good markets, but canned and dried-fruits prices were poor. Raisin output was large and of excellent quality and

California Rand Reports Income

Declaration of the regular bi-monthly dividend of 1 cent a share by the California Rand Company was announced yesterday by directors of the company. Dividends paid out of profits for the year 1927 amounted to \$128,000 and there was an additional special dividend of \$128,000.

Net value of concentrates and ore mined was \$286,687, and operating expenses for the period amounted to \$286,013.33. This left an operating profit of \$674,673.67 representing a yield of 69.50 per cent profit from operations and 15.31 per cent on the total investment. According to C. S. McConkey, general manager.

Meeting Called
Stockholders of the John M. C. Marble Company, local financial house, have been called to attend a meeting that will be conducted at the company's offices in the Stock Exchange Building at 3 p.m. on the 10th inst. for the purpose of electing a board of directors to serve for the remainder of the current year.

LOS ANGELES EXCHANGE

Bank Shares Continue Downward and Irregularity Prevails on Local Market

Trading on the Los Angeles Exchange yesterday was large in volume, although the activity was more evenly spread over the various classifications. Bank of Italy and Bancit continued lower from their peaks established at the beginning of the year. Bank of Italy dropped 2 points and Bancit lost 1 point to close at 290 1/2 and 140, respectively. Los Angeles First National also slipped 1/4 of a point and closed at 105, while the California Bank gained a point, the last sale standing at 126.

The public utility list showed fractional gains in some of the issues, with no losses recorded. Los Angeles Gas and Electric gained 1/8 to 104 1/2, San Joaquin Light and Power 6 per cent preferred and Southern Counties Gas each moved up 1/4 to 101 1/4 and 106, respectively, while the Edison issues held steady.

In the oil, Richmond and California Petroleum advanced the bulk of activity, the latter moving up 1 1/2 points on rumor of a pending merger, closing at 51 1/2. Richmond, on heavy trading of 518 shares, fluctuated little and closed firm at 27 1/2. Boise, Ohio, after touching

STANDARD NET ESTIMATED

California Oil Company Expected to Report Profits Equal to Previous Year; Operating Costs Cut

Chiefly through the inauguration of an intensive program for the reduction of operating costs, it is understood that the Standard Oil Company of California came through last year with profits approximately the same as in the previous year. Net profits in 1926 were slightly more than \$65,000,000, equivalent to \$4.28 on the outstanding capital stock.

While this drive for greater operating efficiency was under way, the Standard sales force was successful in increasing the volume of gasoline sales by about 10 per cent. It is estimated that the company's net profit for 1927 will be approximately the same as in the previous year.

COAST FAVORED
With both these influences operative, the chances seem to favor a similar report for 1927 showing the company in as strong a position as the 1926 report displayed. Probably the most important factor in the company's success will be the Midcontinent pipeline, which will do as well, and certainly no worse, than the company's previous year. On this coast the gasoline situation was relatively stable in 1927 and surplus production was not nearly the destroyer of profits as it was in the previous year. The company's net profit in its annual report probably will show a gain over the previous year.

STATIONS LEASED
Offsetting the necessity for inventory adjustment, the West Coast operating economy undoubtedly produced notable results. Standard Oil, principally in 1927, reversed its retail marketing policies, and abandoned service station expansion for a new policy involving leasing arrangements with independent dealers. Stations not owned by the company were leased to independent dealers.

Wells Fargo and Union Trust Set Resource Mark
The increase in resources follows a gain of \$4,000,000 in its investment account to \$31,588,848, while the Union Trust and Savings Bank reported a gain of \$4,000,000 in its investment account to \$31,588,848, while the Union Trust and Savings Bank reported a gain of \$4,000,000 in its investment account to \$31,588,848.

Harriman Bank Declares Extra
NEW YORK, Jan. 6. (AP)—An extra dividend of 5 per cent on the regular semi-annual dividend of 5 per cent has been declared by the Harriman Bank, payable today to stockholders of record. The bank's earnings for the year ended December 31, 1927, were \$1,000,000, and the dividend of 10 per cent on the regular dividend of 5 per cent is \$1,000,000.

Pioneer Bank of Bay City Grows
SAN FRANCISCO, Jan. 6. (AP)—Resources of the Bank of California gained \$6,000,000 during the entire year of 1927 and were \$10,000,000 higher at the close of 1927 than they were in midyear. This is reflected in the published statement as of December 31, 1927.

London Daily Radio
LONDON, Jan. 6. (By wireless)—Markets were cheerful today, speculative issues being helped because of the prospect of a new year. The London market was helped by the prospect of a new year. The London market was helped by the prospect of a new year.

Money Circulation Trend Charted
The following chart shows the trend of money circulation in the United States from 1922 to 1927. The chart shows a general upward trend in money circulation, with a sharp increase in 1927.

Decline Per Capital Shown
The usual seasonal rise in money in circulation at the end of the year was conspicuous by its absence last year, as monetary gold stocks dipped.

General Trade Conditions in Usual Letdown
NEW YORK, Jan. 6. (AP)—Broad-street's tomorrow will say: Aside from flitting orders, wholesale trade in most lines is quiet, with inventory taking general and salesmen of the road. Retail trade is also rather quiet, but the usual clearance sales furnish some aid and the advent of much colder weather over nearly the entire country has helped the movement of heavy clothing, fur, rubber footwear and domestic goods.

Wool Trade Year Opens Up Briskly
Mills Reported as Good Buyers of All Grades at Rising Price Trend
BOSTON, Jan. 6. (AP)—The Commercial Bulletin tomorrow will say: The first week in the new year has been a happy one for the wool trade. Manufacturers have bought freely of all descriptions and the tendency of values is against the buyer.

Stock Market Held Shaky
Recent Developments Viewed as Indicating Condition Less Favorable Than That of Business
NEW YORK, Jan. 6. (AP)—This week's big tide of liquidation in stocks released by the market reversal, indicates a condition in the stock market not so favorable as that in business.

Railroad Commission Asked to Order Slash

Better Service Demanded of Pacific Electric, Also

With the slogan of "One city, one street railway, one fare," the Venice branch of the Los Angeles Chamber of Commerce yesterday filed formal application with the State Railroad Commission asking an order that the Pacific Electric Railway change the status of the Venice branch from interurban to local service and charge not more than 6 cents for a ride from the metropolitan area to the beach.

HOSPITAL ENTERTAINS BABY ALUMNI

Children, in Reunion, Fill Day With Smiles and Wails

They Got Their Pictures Taken and measured them and prescribed more vitamins and everything.

RADIO AIMS DISCUSSED BY OFFICIAL

Lafount Tells Breakfast Club of Problems Facing Federal Commission

The allotment of wave-length channels to broadcasters is a duty of public trust, said Federal Radio Commissioner Harold A. Lafount at the weekly gathering of the Breakfast Club yesterday morning.

AID BUREAU RENDERS ITS ACCOUNTING

Forty Thousand Helped Through Yule Clearing Organization Service

Nearly 40,000 persons were given aid through the Christmas Clearing Bureau of the Los Angeles Department of Social Service, according to a report given out by the organization last night.

CHECK CUTS RECALL LIST SIGNATURES

More Than Half of First 16,000 Names Thrown Out as Invalid by City Clerk

City Clerk Dominguez announced yesterday that the force of 160 duplicate, working night and day checking the recall petition filed against Mayor O'Ryan last Friday, had checked 16,000 signatures of the 40,000 up to yesterday morning, and of these only 8222 were found to be those of registered voters.

THREE DIE AFTER CAR ACCIDENTS

Two Men and One Woman in List of Fatalities Caused by Traffic Crashes

Well, One Man Thinks Council Showed Sense

Midst the daily collection of bribes which the City Council receives from taxpayers and property owners in the form of complaints and protests, the Council yesterday found a verbal acquiescence.

Ex-Federal Man to Open Office

After five years in the United States Internal Revenue Service in the Southern District of California, Vernon Snively has resigned his position to open offices at 707 Guaranty Building, Hollywood, to handle income-tax cases.

CHALLENGES USED

Previously the court held that Lewis had a right to a new trial, but it will accept it anyway, Judge Doran told him.

NEW CITY HALL Now in Charge of G.L. Rodgers

George L. Rodgers yesterday was given the temporary appointment by the Board of Public Works as building manager of the new City Hall pending the holding of an examination for this position by the Civil Service Commission. The City Council has authorized a salary of \$400 a month for this position.

TALK FLOOD SWAMPS DAM

Crest of Verbal Freshet Submerges Court When "High" and "Low" Proponents Meet

Just what constitutes a "change of conditions" was the principal topic yesterday at the second day of the trial of the San Gabriel injunction suits before Judge Anderson in Superior Court. Conversation was plentiful, more than a dozen lawyers taking part, but no conclusion was reached and it is expected several thousand more words will be uttered before counsel leaves the matter up to the judge.

FILM SCRIBES REGISTER CHAGRIN

Failure to Get Credit in Publicity for Authorship of "Cohen and Kellys" Picture Mortified Them \$100,000 Worth, Say Writers, But Court Says "How Come?"

The "credit" over which people of the stage and films are concerned is a commodity too ethereal for consideration by the courts, Superior Judge Yankwich ruled yesterday.

UNION CHARGES HURLED

Witnesses at Civil Service Hearing Say Former City Employees Delayed Public Work

Charges that two union labor men delayed public work to vent a grudge and embarrass a nonunion foreman in the city Water and Power Department were hurled at a hearing which will be resumed this morning before the city Civil Service Commission.

The Lancer

By Harry Carr

THE human heart warms somewhat toward Gov. Smith of New York.

At least he turned a cold shoulder on the silly and outrageous attempt to save Mrs. Snyder from the chair—by some hoodoo doctor words about "psychosis."

AN UNFUNNY JOKE

The criminal laws of this country are a ghastly joke; but the better thinking public is not laughing so hard any more.

Nearly all laws are passed by Legislatures made up mainly of lawyers, and they have been more jealous in feathering their own nests than in protecting the public.

INSANE

Looking at the question by and large, it would seem that, if there is anyone on earth who should be removed therefrom, it is an insane criminal.

But even the laws erected to give him from death never contemplated the use of the hair-splitting foolishness that attends every murder trial.

THE HICKMAN CASE

This boy Hickman certainly knew the difference between right and wrong.

He also knew the logical consequences of his criminal acts. Yet, when it comes to trial, the doctors will snop around among his thoughts and bandy about a lot of funny-sounding words which have no real meaning, and split hairs and juggle with queer theories.

CONTENTS OF COURT

In spite of all the military experts, this country has very little danger to fear from foreign wars. Our perils will come from within. And we are headed for those troubles at a fearful rate.

One of the alarming symptoms is the growing distrust and disrespect for our courts. Only the incurable optimist continues to have any faith in the operations of our system of accomplishing justice.

LEGAL TWADDLE

A case that a 13-year-old child—or a ditch-digger unable to read and write—could decide correctly and without hesitation usually proceeds in our courts to drift off into a haze of appeals, continuances, technicalities.

(Continued on Page 2, Column 2)

TOO MUCH LAWYER

A legally constituted court has no province except to make decisions and, as a manufacturer of (Continued on Page 2, Column 2)
